Oklahoma City, OK 73114

Toll Free: (866) 427 - 4336  
Office: (405) 751 - 8062

Introducing...

## Brifen's Wire Rope Perimeter Barrier

**Brifen's Wire Rope Perimeter Barrier** is based on the Brifen Wire Rope Safety Fence used in over 25 states and 30 countries for the last 2 decades to prevent crossover crashes on highways.

That same technology can prevent vehicle incursions in secure areas at airfields, military installations, plants and other locations needing perimeter deterrents as a free standing system or an enhancement to existing chain-link fence.

- Crash tested to FHWA Standards
- TL-3 test - 2,000kg pick-up truck impact 63 mph @ 25°
- TL-4 test - 10,000kg truck impact at 57 mph @ 15°
- Installations include STL , PHX, Edwards Air Force Base
